Education

KIET Group of Institution, B.Tech in Computer Science	Nov 2022 – June 2026
ISC 12th, 88/100, St. Fidelis College	2020 – 2021
ICSE 10th, 89.4/100, St. Fidelis College	2018 – 2019

Skills

- **Programming Languages:** C++
- **Web Development:** HTML, CSS, JavaScript, Node JS
- **Database:** MySQL
- **Core Subjects:** Object-Oriented Programming, Database Management Systems, Operating Systems, Computer Networks
- **Other Skills:** Problem Solving and Logic Building

Certifications

- **GPT-4 Foundations** – LinkedIn Learning
- **Git Essential Training** – LinkedIn Learning
- **Full Stack Web Development** – LinkedIn Learning

Projects

Nyaya.ai – Legal AI Assistant Jan 2025 – June 2025

- Designed and developed a comprehensive AI-powered legal assistant platform specializing in Indian law.
- Implemented an intelligent chatbot using **Puter.js AI**, enabling users to obtain accurate legal information and guidance.
- Integrated AI-driven legal document generation and enhancement, plus a lawyer directory for connecting users with real legal professionals.
- Built a real-time, multi-language chat interface with secure authentication and user management through **Supabase**.
- Delivered a responsive, accessible UI and optimized platform performance for seamless legal support.
- **Tech Stack:** Frontend: Next.js 15, React 19, TypeScript; Styling: Tailwind CSS, shadcn/ui; Backend: Next.js API Routes; Database & Auth: Supabase (PostgreSQL, Supabase Auth); AI: Puter.js AI.

Storage Management – Cloud Storage Management Jan 2025 – Apr 2025
Web Application

- Built a modern cloud storage management web application enabling users to securely upload, organize, and manage files with real-time analytics and sharing features.
- Integrated Appwrite as a backend-as-a-service for authentication, database, and file storage, ensuring seamless and secure data operations.
- Developed a responsive and intuitive UI with React and Next.js, supporting file uploads, renaming, sharing, and deletion, along with user-based access control.
- Optimized file handling and metadata management, achieving faster retrieval times and improved overall system performance.
- **Tech Stack:** Frontend: React, Next.js, TypeScript; Backend-as-a-Service: Appwrite (Authentication, Database, Storage); Other: Node.js, Appwrite SDK, CSS/SCSS.

Achievements

- Solved 100+ algorithmic problems on LeetCode, strengthening expertise in data structures, algorithms, and problem-solving speed.
